MAXIMILIANO HERNANDEZ CASTILLO

Software Engineer | Full Stack Developer

🔗 <https://maxkalavera.github.io/>

✉ maxhernandezcastillo@gmail.com

🌐 Monterrey, México

PROFILE

Experienced software engineer from Monterrey, Mexico, with over 3 years of expertise in web development. Proficient in Python and JavaScript with a strong ability to transform business requirements into effective software solutions. Extensive experience with Linux systems and hands-on knowledge of graphical user interface design and development.

EXPERIENCE

Jan 2022 **Software Engineer / Front-End Developer**

Jul 2022 **Wizeline**

Developed web interfaces primarily using React.js, collaborating closely with the NodeJS backend development team. Designed user interfaces with Figma and maintained Python asynchronous task tools. Contributed to front-end performance optimization and feature development.

🔗 <https://www.wizeline.com/>

Jun 2017 **Full Stack Software Engineer**

Jul 2019 **Crea Libre / Evient**

Played a key role in building a web application, heavily contributing to the architecture design and feature implementation. Developed front-end and back-end features using modern tools like Jenkins, Python, and ReactJS. Actively involved in decision-making for new feature development and system improvements.
